

ACCEPTABLE USE AGREEMENT

STUDENT AND PARENT PERMISSION FORM

Your child has requested access to the Cobleskill-Richmondville Central School District Computer Network. This access includes desktop computers and/or laptops, connections to district file servers and Intranet servers. In addition, your child will be granted upon your request an email account and access to the Internet, which would connect your child with educational resources all over the world. In accepting an account, your child accepts the responsibility of using the network in an appropriate manner. It is important that you understand his/her responsibilities as well.

Please read the Cobleskill-Richmondville Acceptable Use Policy with your child. After reading the Use Policy, please complete this form to indicate that you agree to the terms and conditions outlined. The signatures of both the student and parent/guardian, indicating that you have read and agreed to our Use Policy, are mandatory before access may be granted to the C-RCS Network.

Students are responsible for good behavior on school computer networks just as they are in a classroom or a school hallway. Communications on the network are often public in nature. General school rules for behavior and communication apply. The network is provided for students to conduct research and communicate with others on educational matters. Access to network services will be provided to students who agree to act in a considerate and responsible manner.

Computers, network storage areas and school network are school property and as such are subject to manipulation and review by school officials to maintain system integrity and insure that users are using the system responsibly. Users should not expect that files stored on district servers will always be private.

As a user of the Cobleskill-Richmondville Central School District Computer Network, I have read and agree to comply with the Acceptable Use Policy.
